Drastic Cuts to...
COST and BELOW

Advertising should be stopped —

- When you expect to go out of business.
- When there is nothing about your business that people ought to know.
- When you don't want new customers.
- When people never become dissatisfied with one firm and go to another.
- When the public stops being born, stops dying, stops forgetting.

In other words when a firm is coasting it's generally going down hill.

The
Motor Hotel
has the
**BIGGEST
BEDBUGS**
in Town!

When a young advertising salesman suggested to a small town hotel proprietor he begin a schedule of Display Ads aimed at Local Patrons, he agreed that the suggestion had merit. He felt however that he could not afford large enough Ads and stated "Nobody Reads Small Ads."

The Adman disagreed and was so sure of his service that he offered to run a series of one inch Ads free of charge providing that he could write the copy. The innkeeper thought this request was reasonable and responded with an "O.K., but what are you going to say in my Ads?"

"Nine Words," said the salesman. "It will read: The Motor Hotel Has The Biggest Bedbugs In Town."

The hotelman shouted, "You'll drive me out of business!"

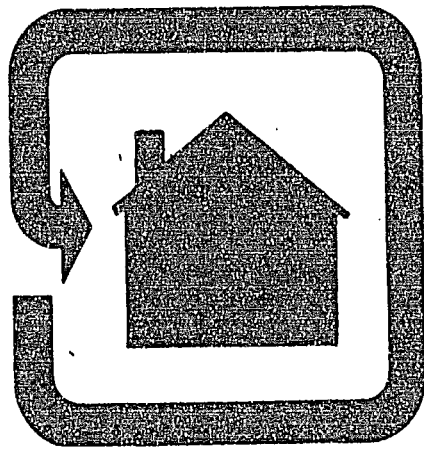

"But Sir!" said the salesman, "You said no one ever reads small ads."

People do read small ads. Many a large business started with small ads, and only because the Small Ads produced results were they able to become Big Advertisers. Don't put off telling people about your Products and Services just because you can't compete Size-Wise with large businesses. Discuss it with our representative. He'll have some good ideas for you.

*Act now! Arrange for your Ad
to appear in our next edition.*
